

SHAMS DEVELOPMENT L.L.C

December 2021

Who we are?

Shams Development Company was established in 2010 in the Sultanate of Oman. Since then, it has been one of the leading companies in the fields of project development, engineering services and trading petroleum, petrochemical and mineral products.

The group has offices in Oman, Germany, Luxemburg, UAE, Switzerland and Iraq. Our well-established company has been registered with major petrochemical complexes, hence we are in a position to supply different grades of petrochemical products worldwide.

What we do?

The company's core business activities focus on:

- Supplying petroleum, petrochemical and mineral products internationally
- Engineering services
- Project development

We strive to identify high quality potential projects and invest in such opportunities alongside other investment partners. Our team is fully capable of completing the project development cycle from project scope definition and site selection all the way to trading the manufactured products. This is facilitated by our extremely talented team of professionals as well as our network of offices and project experiences in the Asia and Europe. We have so far, successfully exported different grades of petrochemical grades to different countries in Europe, Asia and Africa.

TRADE

Trade

Products:

- Iron Ore Concentrate
- Fine Iron Ore
- Lump Iron Ore
- Bitumen
- Naphtha
- Auto Spare Parts, Auto Bodies
- Gas Oil

- HDPE, LDPE, LLDPE, MDPE
- Polypropylene
- PVC
- Polystyrene (HIPS, GPPS)
- Poly carbonate
- PET
- Sulphur (Crush lump & Granular)
- Urea
- ABS

Tonnage:

- | | |
|---------------------------|-------------------|
| - Minerals: | 1.000.000 MT/Year |
| - HDPE, LDPE, LLDPE, MDPE | 10.000 MT/Month |
| - Polypropylene | 2.000 MT/Month |
| - Granular Sulphur | 200.000 MT/Year |

Marketplace:

- China
- Turkey
- Europe

Engineering Services

Power- Power Project

Utility Plant of Oman Refinery

Client: Oman Refineries & Petrochemicals Industries Co. (ORPC)

Partner: HICO FZE (U.A.E Company Affiliated to Hirbodan)

Project Type: EPCC

Scope of Services: 2×25 MW Gas Turbine Power Generator (GE Frame 5)
2×100 TPH, Heat Recovery Steam Generator (HRSG)
1×30 TPH, Auxiliary Boiler
Desalination Plant
Polishing Plant
Fuel Gas Conditioning
DCS, FCS & SCADA Control System

Contract Volume: 114 Million USD

Development Projects

Development Projects - Power Plant

Small- Scale Distributed Generation Power Plants

Type of Project: Power Generation and Sales Under Energy Conversion Agreements (ECA)

Brief Description:

- Feasibility Study
- Market Study
- Site Selection
- Technology Assessment & Selection
- Financing
- Plant Basic Design & Engineering Works
- Procurement
- Construction
- Operation and Maintenance

Capacity: 2×25 MW
2×16 MW

Construction Period: 2 Years

Development Projects – Property Development

Sarooj Mall Complex

Client: Ministry of Tourism-Sultanate of Oman

Brief description:

Feasibility Study
Finance allocation
Architectural Design
Design & Engineering Works
Construction works
Operation and Maintenance of the complex

Total Build up Area: 10,254.2 m²

Site Location: Sarooj District-Muscat Sultanate of Oman

Total Amount of Investment: 15 Million USD

(Funded by SHAMS DEVELOPMENT COMPANY)
